WHO KILLED TECUMSER

A Parody on "Rooster Robin,"-A Raid in Verse BY A. BUMMER

Who killed Tecumseh! dispatched him, says Stanton, For I commenced to rant on, And immediately sent Grant on; I killed Tecumseh.

Who saw bim die? For we, say the von populi, Nor such an one we have no eye, That he is dead is all a lie; You can't kill Tecumseh.

I saw an opening, and I tried to pitch Tecumseh into the rebels' last ditch; I dug his grave. Whe tolled his knell?

Who dug his grave? For that, said Halleck, I had an itch.

By brave Johnson the Indian feil. But the President knows full weil He cannot afford to ring the knell Of our brave Tecumseh.

TRIAL OF THE CONSPIRATORS.

WASHINGTON, May 31.

H. C. Ford, treasurer of Ford's Theatre, tes tified that he learned at 1116 A M. that the President had engaged a private box Booth was at the theatre at 12 o'clock, and I did not tell him that the President was coming; I saw Booth coming down the street as I stood in the door of the theatre; he commenced talking to some parties there; one of them went into the office and brought out a letter, which he WAJ. PHILIP SPEEL. sat down and read on the steps of the office; I should think he staid half an hour; dld not see him | CHAS. B. COTTON. again until evening; when I got to the theatre my brother told me that the President would be COL. H. DENT, there that night; it was Mr. Saybold's business to see about the decorations of the box, but he had the neuralgia that day, and I fixed it; I fixed the flags, and had part of the furniture changed; a sofa and high backed chair were brought from the stage, and a rocking chair from my sleeping room up stairs; I received no suggestions from | HUGHES & PARKHILL, any one except Saybold and a gentleman who brought to the theatre a flag from the Treasury Department; Mr Spangler took out the partition DAVIS, GREEN & CO., between the two boxes; we always removed it when the President came there; I suppose Saybold sent Spangler to the box; he was at work on the stage at the time; I was decorating the box; I called for a hammer and nails, which he handed to me; he knew the President was coming; Booth was in the habit of engaging box No. 7, which was part of the box occupied by the President, nearest to the audience; he procured it four or five times; don't know whether he ever occupied it or not; we mostly used smaller flags, but as Gen. Grant was coming with the President, we borrowed flags from the Treasury Department; I was in the ticket office prior to the assassination; I suppose I must

have passed in and out two or three times; saw nothing of Spangler during that time. Cross-examined-None of the other boxes were occupied; there was no mortice in the wall behind the President's box when I was decorat-

ing it; I saw no bar at the time for the purpose of fastening the door; there was no such contrivance there before that day. Question. Was there a hole bored through the first door that opens into the President's box be fore that day? Answer, I do not know.

Question. Were the screws of the locks of the President's box drawn before that day, Answer. Not to my knowledge; I do not

Question. Will you swear they were not drawn when you were there? Answer. It was not done in my presence or

THE Company holds by lease, and in fee, about twenty thousand acres of the most select coal lands in Western Indiana, bordering both sides of the Wabash river. Maps of these lands may be seen at the office of the Company, in Covington, Ind., at the office of Wm. Dale, No. 25 Park Place, N. Y. City, at the office of Hon. J. R. Coffroth, Huntington, Indiana, and at the office of Roach & McDonald, Indianapolis. A reference to the report of the Hon, David Dale

Owen, late State Geologist, will show that these lands are situate in the midst of the finest coal fields of the State, abounding also in salt, iron and other valuable mineral substances. Near the mouth of Coal Creek, where the Company has large quantities of lands sait water has been discovered equal in quality to the Kanawha. This water was procured some 35 years ago by boring, soon after, the On ondaga salt finding its way down the Wabash and Erie Canal, Mr. Thomas, the proprietor, finding himself unable to compete with it, abandoned the manufacture. In To Carpenters, Stairbuilders, Cabiclosed facts prove to have been coal oil. Those lands all lie in close proximity to the Wabash and Erie Canal, some of them upon its banks. Mr. John McManomy, the business agent of the company, has returned from a tour of observation of the oil regions of Pennsylvania, convinced that the lands leased

by the company, in Fountain and Parke counties, has, so far as the general formation of the country and the surface indications present themselves, a stong analogy in the oil and mineral substances as found on French Creek, Pennsylvania, where the greatest quantity and chased for the company the most approved machinery, with all the fixtures necessary for operation, and is preparing with experienced workmen the speedy development of the hidden treasure of the lands of the company. FOR MORE THAN TWENTY YEARS MATREWS' VENETIAN HAIR DYE has stood the test of trial, and is constantly increasing in public favor. THE VENETIAN HAIR DYE is the best and cheapest made. Its price is only 75 cents, and each bottle contains double the quantity of dye in those usually sold

THIS HAIR DYE is manufactured by a peccliar pro coss, which renders it infinitely superior to any dye in market. Being complete in one bottle, no preparation is required, which greatly simplifies the application.

IN USING THIS DYE you avoid that austy, DEAD appearance by which dyed hair and whiskers are se readily recognized, when an inferior article has been used, as it produces a perfectly natural color of any shade that le desired, from a rich brown to a jetty, lustrous black, that will not smut, crock, or stain the clothing.
